

Visual Lease Named 2026 GlobeSt. Influencer in CRE Technology

March 23, 2026

ARLINGTON, Va.--(BUSINESS WIRE)--Mar. 23, 2026-- Visual Lease ("VL"), a CoStar Group (NASDAQ: CSGP) brand and platform for integrated lease management, accounting, reporting and analytics, today announced it has been honored as a 2026 Influencer in CRE Technology by GlobeSt.

GlobeSt.'s program recognizes the outstanding individuals, organizations, and teams shaping the future of commercial real estate technology. The award is given to industry leaders who have contributed innovations that move the commercial real estate business forward, underscoring Visual Lease's pioneering work in delivering actionable insights that help finance and real estate leaders navigate complexity, manage risk and plan strategically.

CoStar Group acquired Visual Lease in 2024 to complement its CoStar Real Estate Manager business line. By centralizing lease data and applying advanced analytics, Visual Lease enables finance and real estate leaders to gain real-time visibility into lease obligations, costs, risks, and opportunities across their portfolios. The platform supports compliance with accounting standards, enhances collaboration across finance, real estate, legal, and IT teams, equipping organizations with the flexibility to adapt as their needs evolve.

"As innovation continues to transform the commercial real estate landscape, organizations need actionable intelligence as opposed to traditional compliance tools," said **Mark McDonald, President of Visual Lease and CoStar Real Estate Manager**. "We are honored by this recognition, which reinforces our mission to empower finance and real estate leaders with accurate, centralized lease data to support their goals."

This latest recognition reflects Visual Lease's status as a trusted technology partner for enterprises seeking to modernize lease management and accounting while driving measurable business impact across their real estate portfolios.
